Annual Index

INDEX TO VOLUME 13, NUMBERS 1 THROUGH 4

The index to volume 13 of *Clinical Laboratory Science* is composed of two parts: an author index and a subject index (p 254).

Issue	Pages
January - March	1 – 64
April - June	65 – 128
July - September	129 – 192
October – December	193 – 256

Abbreviations Used:
AB = Abstract
BR = Book Review
CE = Continuing Education
CP = Clinical Practice
CR = Case Report
DD = Dialogue and Discussion
FE = Feature
FO = Focus
LE = Letter to Editor
RP = Report
RS = Research
SN = Student News
TT = Trends and Technology
WB = Washington Beat

AUTHOR INDEX

Albert, Barbara G
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB

Alvord, Marilyn
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB

Anderson, Christopher P
Improving Critical Thinking Skills with Interactive Case Studies. 147. AB

Anderson, Shauna C
Curricula Alternatives in Diagnostic Laboratory Techniques. 16. CP

Beadling, Wendy
Developing Critical Thinking Skills Across the Clinical Laboratory Science Curriculum Using Problem Based Learning. 75. AB

Beard, BM
Unexpected High Levels of FVII when Monitoring Coumadin Patients with Unstable INR. 144. AB

Beck, Carolyn
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Medical Technology Graduate Program Design. 77. AB

Bludis, TL
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB

Brando, Clara
The Interaction of the Disintegrin Eristostatin with Human and Murine Melanoma Cells. 142. AB

Broussard, Larry A
The Role of the Laboratory in Detecting Inhalant Abuse. 205. CP

Brown, Judith D
A Four Year Experience with a Post-Baccalaureate Certificate Program in Molecular Diagnostic Sciences. 72. AB

Burns, Cheryl
Superwarfarin Poisoning: An Unusual Acquired Coagulopathy. 148. AB

Caddell, Jeremy R
Isolation and Identification of Mycobacteria from a Broth-Based Medium System in a Tertiary-Care Setting. 133. CP

Carroll, Auralee
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB

Cataldi, Michelle
Specimen Collection and Processing: The Theory Behind the Practice. 77. AB

Cearlock, Dianne M
Effects of a Lacto-ovo Vegetarian Diet on Cholesterol Levels in Previously Meat-eating Adults. 142. AB

Chiang, CS
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR

Chiasera, Janelle M
A Model of Problem-Based Instruction in an Advanced Immunohematology Laboratory. 148. AB

Childs, Cherry
CLT-to-CLS Distance Learning Outcomes. 74. AB

Clare, C Nan
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS

Core, KB
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB

Cornell, Robert Franklin
The Minimum Concentration of Fibrinogen Needed for Platelet Aggregation Using ADP. 148. AB

Crawford, Jack
Proportional versus Projected Glucose Tolerance Values: A Quality Control Program. 151. RR

Cuan, Jose
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR

Davis, C
Increasing Objectivity in Assessing Student Projects. 147. AB

Davis, Gerald
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Thrombotic Risk and Laboratory Testing. 222. FO

DeLoretta, Daniel
Personality Shapes of College Students with Respect to Academic Major. 143. AB

Doe, RH
Unexpected High Levels of FVII When Monitoring Coumadin Patients with Unstable INR. 144. AB

Doig, Kathy
A Non-accredited Major in Medical Technology Attracts Students and Promotes Program Stability. 72. AB
Common Formats of Multiple Choice Questions Testing Analytical Skills in Clinical Laboratory Science. 40. FO
Common Formats of Multiple Choice Questions Testing Application of Knowledge in Clinical Laboratory Science. 32. FO
Re-Engineering the Role and Education of Clinical Laboratory Scientists. 12. CP

Driessen, Bernd
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS

Duncan, Alexander
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB

Ellis, DJ
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB

Ens, Gordon
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB

Estry, Douglas
A Non-accredited Major in Medical Technology Attracts Students and Promotes Program Stability. 72. AB

Evans Wallace, Natalie
Managing Provider Performed Microscopy, the Regulations, Training, and Maintenance of Competency. 147. AB

Fike, Dorothy J
Revising a Clinical Laboratory Science Course to Meet New University Graduation Requirements. 144. AB

Flaws, Maribeth L
Development of a Molecular Techniques Course for Clinical Laboratory Science Students. 141. AB
Improving Critical Thinking Skills with Interactive Case Studies. 147. AB

Fowler, David G
Diagnostic Skills in Clinical Laboratory Science. 78. AB

Freeman, Vicki S
Development of Web-based Clinical Laboratory Science Curriculum. 76. AB
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB

Fricke, Barbara
Benefits for Clinical Laboratory Science Students to Participate in Interdisciplinary Education. 73. AB

Fritsma, George A
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB
Fritsma, Teri
Urinary Thromboxane B2 Metabolite Monitors the Anti-platelet Action of Aspirin. 144. AB
Gaschler, Loretta
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB
George, Joanna
Evaluating Critical Thinking and Psychomotor Skills of CLS Students in Immunohematology. 76. AB
Gibbs, Ronald
The Effectiveness of Special Colloidal Silver on Several Methicillin-Resistant *Staphylococcus aureus* Isolates. 146. AB
Gibson, John
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB
Gillevet, P
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB
Godwin, Judy
The Clinical Laboratory's Role in Determining the Differential Diagnosis of Space Occupying Lesions of the Liver. 145. AB
Goodrich, Jodi
Specimen Collection and Processing: The Theory Behind the Practice. 77. AB
Gore, Mary Jane
Trends and Technology – Fall 2000. 249. TT
Trends and Technology: Spring 2000. 127. TT
Trends and Technology: Summer 2000. 192. TT
Trends and Technology: Winter 2000. 61. TT
Gorman, Linda S
Clinical Case of Fanconi's Syndrome. 145. AB
Gosselin, Robert
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Graeter, Linda J
Cooperative Education in a Medical Technology Program. 74. AB
Graham, Susan S
Blood. 91. BR
Grau, Adam
Comment on Dialogue and Discussion Article. 6. LE
Gray, G
Increasing Objectivity in Assessing Student Projects. 147. AB
Green, Vicki
An Example of an ABO Typing Discrepancy. 141. AB
Hall, Margot J
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Medical Technology Graduate Program Design. 77. AB
Hallgren, Helen
Evaluating Critical Thinking and Psychomotor Skills of CLS Students in Immunohematology. 76. AB
Handley, Cynthia S
Clinical Laboratory Science University Faculty Learning Types and the Use of Information Technology in the Classroom. 74. AB
Hansen, Kathy
Certification – An Old and New Story. 194. WB
Hargrave, Patricia K
An Example of an ABO Typing Discrepancy. 141. AB
One Clinical Laboratory's Interactions with Public Health for the Identification and Management of Food-Borne Listeriosis. 142. AB
The Clinical Laboratory's role in Determining the Differential Diagnosis of Space Occupying Lesions of the Liver. 145. AB
Harrison, Betty C
Clinical Laboratory Science University Faculty Learning Types and the Use of Information Technology in the Classroom. 74. AB
Hassouna, Houria
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Haun, Daniel E
Assessing Competence in Finding and Reporting Abnormal Morphologic Features While Scanning Peripheral Blood Smears. 160. RR
Heintz, Rosada
Making Education Part of the Clinical Laboratory Science Clinical Experience. 79. AB
Hentzen, Audrey E
Techniques. 78. AB
Hill, John
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Ho, Quy V
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Hogan, Linda S
Apparent Anti-D After Infusion of D Negative Donor Blood. 131. CP
Hubbard, Joel
Case Study: Dual Species Malarial Infection. 145. AB
Hudson, Jane
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Medical Technology Graduate Program Design. 77. AB
Isabel, Jeanne M
Clinical Laboratory Science: The Basics and Routine Techniques, 4th Edition. 92. BR
Development of a Medical Laboratory Science Curriculum for the Third World. 75. AB
Jahr, Jonathan S
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Jamison, Richard M
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Jarreau, Patsy C
Student Recruitment Strategies for a University Health Science Center Clinical Laboratory Sciences Program. 78. AB
Johnson, Lucia
An Example of an ABO Typing Discrepancy. 141. AB
Jonas, RB
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB
Keagle, Martha B
A Four Year Experience with a Post-Baccalaureate Certificate Program in Molecular Diagnostic Sciences. 72. AB
Kenny, Roberta
Distance Education in Genetics Technology. 76. AB
Klosinski, Deanna D
Predictors of Clinical Performance in a Hospital-Based Laboratory Science Program. 78. AB
Korzun, William J
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Kotlarz Virginia R
Clean Hands, Dirty Hands. 21. CP
CLS Education at a New Crossroad. 66. DD
Tracing Our Roots: The Rocky Road Toward Recognition of Clinical Laboratory Science's Professional Status (1962–1977). 166. RR
Lake, Martha
CLT-to-CLS Distance Learning Outcomes. 74. AB
Larkin, Edward
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Larson, Carol A
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB
Lavanty, Don
What's the Future of Medicare Payments for Clinical Laboratory Services? 4. WB
Certification – An Old and New Story. 194. WB
The 2000 Federal Legislative Agenda for Healthcare: Real Reform or Political Rhetoric? 70. WB
The Federal Election: Impact on Future Healthcare Policy. 130. WB
Lawrence, Luanne W
Student Recruitment Strategies for a University Health Science Center Clinical Laboratory Sciences Program. 78. AB
Lea, Jimmy
A Method to Quantify Fentanyl Levels in Pharmaceutical Preparations Using Gas Chromatography/Mass Spectrometry. 142. AB
Leach, Argie P
Assessing Competence in Finding and Reporting Abnormal Morphologic Features While Scanning Peripheral Blood Smears. 160. RR
Leach, Donna L
Clinical Laboratory Science: The Basics and Routine Techniques. 172. BR
Determining Clinical Laboratory Science Curriculum for the 21st Century. 93. RS
Continuing Education and the Clinical Laboratory Scientist. 74. AB

Lentz, Melissa
The Clinical Laboratory's Role in Determining the Differential Diagnosis of Space Occupying Lesions of the Liver. 145. AB
Lin, Jonathan S
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Longberry Joan
The 2000 Federal Legislative Agenda for Healthcare: Real Reform or Political Rhetoric? 70. WB
The Federal Election: Impact on Future Healthcare Policy. 130. WB
What's the Future of Medicare Payments for Clinical Laboratory Services? 4. WB
Louie, Richard F
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Lurie, Fedor
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Lux, Mary R
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Medical Technology Graduate Program Design. 77. AB
Mahon, Connie R
An Unusual Case of Disseminated *Mycobacterium tuberculosis*. 145. AB
Diagnostic Skills in Clinical Laboratory Science. 78. AB
Mammen, Eberhard F
Disseminated Intravascular Coagulation (DIC). 239. FO
Martine, Cynthia
Basic Method Validation. 172. BR
Planning, Implementing, and Maintaining Laboratory Experiences for Distance Education Students. 77. AB
Matthews-Greer, Janice M
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
McCrae, Kenneth L
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
McGlasson, DL
Comparison of PT/INR Results Before and After Local Calibration of Thromboplastin ISIs. 146. AB
Unexpected High Levels of FVII when Monitoring Coumadin Patients with Unstable INR. 144. AB
McKenzie, Shirlyn B
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
McLane, Mary Anne
The Interaction of the Disintegrin Eristostatin with Human and Murine Melanoma Cells. 142. AB
Miele, Mary E
Personality Shapes of College Students with Respect to Academic Major. 143. AB
The Effectiveness of Special Colloidal Silver on Several Methicillin-Resistant *Staphylococcus aureus* Isolates. 146. AB
Miles, Sandra
Continuing Education and the Clinical Laboratory Scientist. 74. AB
Millstead, Claudette
Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates: A Missouri Hospital Perspective. 7. CP
Morrison, Miki
Predictors of Clinical Performance in a Hospital-Based Laboratory Science Program. 78. AB
Myatt, Robert M
A Method to Quantify Fentanyl Levels in Pharmaceutical Preparations Using Gas Chromatography/Mass Spectrometry. 142. AB
Nicholas, Elaine
Directing the Vision of the Curriculum of the 21st Century: Redefining Academic Programs to Fit Laboratory Needs. 79. AB
Pasupuleti, Vijaya
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Perfetto RM
Developing a Formal Proficiency Test Monitoring System as a Quality Measurement Tool. 146. AB
Quinn, Christopher
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Ramirez, Nancy E
Predictors of Clinical Performance in a Hospital-Based Laboratory Science Program. 78. AB
Randolph, Tim R
Acute Promyelocytic Leukemia (AMS-M3) – Part 1: Pathophysiology, Clinical Diagnosis, and Differentiation Therapy. 98. FO
Acute Promyelocytic Leukemia (AMS-M3) – Part 2; Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
The Minimum Concentration of Fibrinogen Needed for Platelet Aggregation Using ADP. 148. AB
Rivera, G
Performance Evaluation of Plastic Collection Tubes for Prothrombin Time (PT) and International Normalized Ratio (INR) Testing in Anticoagulated Patients. 143. AB
Robbins, David J
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Roberts, Glenn D
Isolation and Identification of Mycobacteria from a Broth-Based Medium System in a Tertiary-Care Setting. 133. CP
Robison, Robert D
Managing a LISTSERV, CLSEDUC-L. 19. CP
Rodgers, Anne T
Case Based Learning—Beyond the Classroom. 73. AB
Rosario, D
Performance Evaluation of Plastic Collection Tubes for Prothrombin Time (PT) and International Normalized Ratio (INR) Testing in Anticoagulated Patients. 143. AB
Rudmann, Sally V
A Model for the Integration of Writing and Oral Communication Skills into a Clinical Laboratory Science Curriculum. 72. AB
A Model of Problem-Based Instruction in an Advanced Immunohematology Laboratory. 148. AB
Ryes, O
Performance Evaluation of Plastic Collection Tubes for Prothrombin Time (PT) and International Normalized Ratio (INR) Testing in Anticoagulated Patients. 143. AB
Ryman, Denny G
Determining Clinical Laboratory Science Curriculum for the 21st Century. 93. RS
Continuing Education and the Clinical Laboratory Scientist. 74. AB
Sang, John E Lee
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
Sanguine, Nirmal
One Clinical Laboratory's Interactions with Public Health for the Identification and Management of Food-Borne Listeriosis. 142. AB
Scarano, FJ
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB
Schermond, Judith
Making Education Part of the Clinical Laboratory Science Clinical Experience. 79. AB
Schmidt, Margaret
Notions from a Servant-Leader. 2. DD
Schwabbauer, Marian
But Can They Do It? Clinical Competency Assessment. 47. FO
Current Issues in Assessment. 31. FO
Shaikh, Abdul
A Method to Quantify Fentanyl Levels in Pharmaceutical Preparations Using Gas Chromatography/Mass Spectrometry. 142. AB
Skidmore, Dorothy B
Cooperative Education in a Medical Technology Program. 74. AB
Smith, Linda A
Hydatid Cyst Disease. 146. AB
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
Sodeke, SO
Increasing Objectivity in Assessing Student Projects. 147. AB
Spence, Libby M
Make Learning Count: Techniques for Enhancing Knowledge. 76. AB
St. John, Camellia
Planning, Implementing, and Maintaining Laboratory Experiences for Distance Education Students. 77. AB
Stemmer, Betty L
Cooperative Education in a Medical Technology Program. 74. AB

Stevens, Christine D
Updating the Immunology Curriculum in Clinical Laboratory Science. 89. CP
Sullivan, Jason G
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Tang, JS
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB
Tang, Zuping
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Uphoff, Timothy S
Developing a Student Molecular Biology Laboratory Course from a Clinical Perspective. 75. AB
Velazquez, Ninette
Effects of a Lacto-ovo Vegetarian Diet on Cholesterol Levels in Previously Meat-eating Adults. 142. AB
Vossler, James
Developing Critical Thinking Skills Across the Clinical Laboratory Science Curriculum Using Problem Based Learning. 75. AB
Ward, Kory M
A Model for the Integration of Writing and Oral Communication Skills into a Clinical Laboratory Science Curriculum. 72. AB
Weaver, Donna
Directing the Vision of the Curriculum of the 21st Century: Redefining Academic Programs to Fit Laboratory Needs. 79. AB
Making Education Part of the Clinical Laboratory Science Clinical Experience. 79. AB
Wickert, Robert
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB
Wiggers, Thomas B
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Williams, Gail S
A Four Year Experience with a Post-Baccalaureate Certificate Program in Molecular Diagnostic Sciences. 72. AB
Wong, Luchin
Effects of Ultrapurified Polymerized Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Zitzmann, Michele
Student Recruitment Strategies for a University Health Science Center Clinical Laboratory Sciences Program. 78. AB
Zuchowski, Linda
One Clinical Laboratory's Interactions with Public Health for the Identification and Management of Food-Borne Listeriosis. 142. AB
Zundel, William B
Approaches to Overcoming Computer Anxiety/Reluctance in Post-Secondary Education Faculty. 73. AB

SUBJECT INDEX

β-globin
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Abstracts
ASCLS 2000 Annual Meeting: Official Abstracts of Submitted Papers and Posters. 141. CP
Clinical Laboratory Educators Conference-2000 Abstracts. 72. CP
Acute leukemia
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Acute myelocytic leukemia
Acute Promyelocytic Leukemia (AML-M3) – Part 1: Pathophysiology, Clinical Diagnosis, and Differentiation Therapy. 98. FO
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
Acute promyelocytic leukemia
Acute Promyelocytic Leukemia (AML-M3) – Part 1: Pathophysiology, Clinical Diagnosis, and Differentiation Therapy. 98. FO
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
All-trans retinoic acid (ATRA)
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
Acute Promyelocytic Leukemia (AML-M3) – Part 1: Pathophysiology, Clinical Diagnosis, and Differentiation Therapy. 98. FO
American Society for Medical Technology
Tracing Our Roots: The Rocky Road Toward Recognition of Clinical Laboratory Science's Professional Status (1962–1977). 166. RR
AML-M3
Acute Promyelocytic Leukemia (AML-M3) – Part 1: Pathophysiology, Clinical diagnosis, and differentiation therapy. 98. FO
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA diagnosis, and Proposed Models of Leukemogenesis and differentiation Therapy. 106. FO
Antiplatelet action
Urinary Thromboxane B2 Metabolite Monitors the Antiplatelet Action of Aspirin. 144. AB
Antiplatelet agents
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Antithrombotic therapy
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Arterial thrombosis
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Assessment
Current Issues in Assessment. 31. FO
Benchmarking
Benchmarking Laboratory Operations. 187. FO
Blood donor
Apparent Anti-D After Infusion of D Negative Donor Blood. 131. CP
Blood typing
An Example of an ABO Typing Discrepancy. 141. AB
Capillary electrophoresis
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Certification
A Four Year Experience with a Post-Baccalaureate Certificate Program in Molecular Diagnostic Sciences. 72. AB
Certification – An Old and New Story. 194. WB
Children
Clean Hands, Dirty Hands. 21. CP
Cholesterol
Effects of a Lacto-ovo Vegetarian Diet on Cholesterol Levels in Previously Meat-eating Adults. 142. AB
Clinical coagulation testing
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Clinical laboratory
Clinical laboratory educators
Clinical Laboratory Educators Conference-2000 Abstracts. 72. CP
Clinical laboratory science
Clinical Laboratory Science: The Basics and Routine Techniques. 4th Edition. 92. BR
Clinical Laboratory Science: The Basics and Routine Techniques. 172. BR
CLS Education at a New Crossroad. 66. DD
Clinical laboratory science competency criteria
But Can They Do It? Clinical Competency Assessment. 47. FO
Clinical laboratory science education
CLS Education at a New Crossroad. 66. DD
Clinical laboratory science history
Tracing Our Roots: The Rocky Road Toward Recognition of Clinical Laboratory Science's Professional Status (1962–1977). 166. RR
Clinical pathways
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
Clinical teaching
Laboratory Manager's Perceptions of the Impact of Teaching on the Clinical Laboratory. 180. RS
CLS curriculum
Updating the Immunology Curriculum in Clinical Laboratory Science. 80. CP
Cluster designation
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Coagulation
Disseminated Intravascular Coagulation (DIC). 239. FO
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
Coagulopathy
Superwarfarin Poisoning: An Unusual Acquired Coagulopathy. 148. AB

2000 INDEX

Communication
A Model for the Integration of Writing and Oral Communication Skills into a Clinical Laboratory Science Curriculum. 72. AB
Managing a LISTSERV, CLSEDUC-L. 19. CP
Competency
Managing Provider Performed Microscopy, the Regulation, Training, and Maintenance of Competency. 147. AB
Competency assessment
Assessing Competence in Finding and Reporting Abnormal Morphologic Features While Scanning Peripheral Blood Smears. 160. RR
But Can They Do It? Clinical Competency Assessment. 47. FO
Computer training
Approaches to Overcoming Computer Anxiety/Reluctance in Post-Secondary Education Faculty. 73. AB
Consumptive coagulopathy
Disseminated Intravascular Coagulation (DIC). 239. FO
Consumptive thrombohemorrhagic syndrome
Disseminated Intravascular Coagulation (DIC). 239. FO
Continuing education
Answers to 1998 FOCUS Continuing Education Questions. 57. CE
Continuing Education and the Clinical Laboratory Scientist. 74. AB
Cooperative education
Cooperative Education in a Medical Technology Program. 74. AB
Correction
Abstract correction. 202, ED
Author attribution correction. 6. ED
Coumadin
Unexpected High Levels of FVII When Monitoring Coumadin Patients with Unstable INR. 144. AB
Curricula
Curricula Alternatives in Diagnostic Laboratory Techniques. 16. CP
Curriculum
A Model for the Integration of Writing and Oral Communication Skills into a Clinical Laboratory Science Curriculum. 72. AB
A Non-accredited Major in Medical Technology Attracts Students and Promotes Program Stability. 72. AB
Developing Critical Thinking Skills Across the Clinical Laboratory Science Curriculum Using Problem Based Learning. 75. AB
Development of a Medical Laboratory Science Curriculum for the Third World. 75. AB
Development of Web-based Clinical Laboratory Science Curriculum. 76. AB
Directing the Vision of the Curriculum of the 21st Century: Redefining Academic Programs to Fit Laboratory Needs. 79. AB
Re-Engineering the Role and Education of Clinical Laboratory Scientists. 12. CP
Cytomegalovirus
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Defibrination syndrome
Disseminated Intravascular Coagulation (DIC). 239. FO
Diagnosis
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Diagnostic skills
Diagnostic Skills in Clinical Laboratory Science. 78. AB
Diet
Effects of a Lacto-ovo Vegetarian Diet on Cholesterol Levels in Previously Meat-eating Adults. 142. AB
Distance education
Planning, Implementing, and Maintaining Laboratory Experiences for Distance Education Students. 77. AB
Distance learning
CLT-to-CLS Distance Learning Outcomes. 74. AB
Distance Education in Genetics Technology. 76. AB
Donor plasma
Apparent Anti-D After Infusion of D Negative Donor Blood. 131. CP
Dotplot
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Drug abuse
The Role of the Laboratory in Detecting Inhalant Abuse. 207. CP
Education alternatives
Curricula Alternatives in Diagnostic Laboratory techniques. 16. CP
Education
Benefits for Clinical Laboratory Science Students to Participate in Interdisciplinary Education. 73. AB
Case Based Learning–Beyond the Classroom. 73. AB
Developing a Student Molecular Biology Laboratory Course from a Clinical Perspective. 75. AB
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Development of a Medical Laboratory Science Curriculum for the Third World. 75. AB
Improving Critical Thinking Skills with Interactive Case Studies. 147. AB
Increasing Objectivity in Assessing Student Projects. 147. AB
Making Education Part of the Clinical Laboratory Science Clinical Experience. 79. AB
Making Learning Count Techniques for Enhancing Knowledge. 76. AB
Revising a Clinical Laboratory Science Course to Meet New University Graduation Requirements. 144. AB
Electronic communications
Managing a LISTSERV, CLSEDUC-L. 19. CP
E-mail
Managing a LISTSERV, CLSEDUC-L. 19. CP
Employer expectations
Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates: A Missouri Hospital Perspective. 7. CP
Eristostatin
The Interaction of the Disintegrin Eristostatin with Human and Murine Melanoma Cells. 142. AB
Evaluation
Evaluating Critical Thinking and Psychomotor Skills of CLS Students in Immunohematology. 76. AB
Examinations
Common Formats of Multiple Choice Questions Testing Analytical Skills in Clinical Laboratory Sciences. 40. FO
Common Formats of Multiple Choice Questions Testing Application of Knowledge in Clinical Laboratory Science. 32. FO
Fanconi's Syndrome
Clinical Case of Fanconi's Syndrome. 145. AB
Fentanyl
A Method to Quantify Fentanyl Levels in Pharmaceutical Preparations using Gas Chromatography/Mass Spectrometry. 142. AB
Fibrinolysis
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Flow cytometry
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Fluorescence
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Gas chromatography
A Method to Quantify Fentanyl Levels in Pharmaceutical Preparations using Gas Chromatography/Mass Spectrometry. 142. AB
Graduate program
Medical Technology Graduate Program Design. 77. AB
HBOC
Effects of Ultrapurified, Polymerized, Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Healthcare
The 2000 Federal Legislative Agenda for Healthcare: Real Reform or Political Rhetoric? 7. WB
The Federal Election: Impact on Future Healthcare Policy. 130. WB
Hemoglobin glutamer-200 (bovine)
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Hepatitis C
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Homocysteine
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Hydatid cyst disease
Hydatid Cyst Disease. 146. AB
Hypercoagulability
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS

Hypercoagulation
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Immunology
Updating the Immunology Curriculum in Clinical Laboratory Science. 80. CP
Immunophenotyping
Immunophenotyping Leukemias: The New Force in Hematology. 117. FO
Information technology
Clinical Laboratory Science University Faculty Learning Types and the Use of Information Technology in the Classroom. 74. AB
Inhalant
The Role of the Laboratory in Detecting Inhalant Abuse. 205. CP
Instruction
A Model of Problem-Based Instruction in an Advanced Immunohematology Laboratory. 148. AB
Intravascular coagulation
Disseminated Intravascular Coagulation (DIC). 239. FO
i-STAT system
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Laboratory administration and supervision
Tracing Our Roots: The Rocky Road Toward Recognition of Clinical Laboratory Science's Professional Status (1962–1977). 166. RR
Laboratory operations
Benchmarking Laboratory Operations. 187. FO
Learning opportunities
Notions from a Servant-Leader. 2. DD
Legislation
What's the Future of Medicare Payments for Clinical Laboratory Services? 4. WB
Letter to the Editor
Comment on Dialogue and Discussion Article. 6. LE
Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates. 186. LE
Response to Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates. 186. LE
Licensure
Tracing Our Roots: The Rocky Road Toward Recognition of Clinical Laboratory Science's Professional Status (1962–1977). 166. RR
Listeriosis
One Clinical Laboratory's Interactions with Public Health for the Identification and Management of Food-borne Listeriosis. 142. AB
Listserv
Managing a LISTSERV, CLSEDUC-L. 19. CP
Liver lesions
The Clinical Laboratory's Role in Determining the Differential Diagnosis of Space Occupying Lesions of the Liver. 145. AB
Malaria
Case Study: Dual-Species Malarial Infection. 145. AB
Management
Laboratory Manager's Perceptions of the Impact of Teaching on the Clinical Laboratory. 180. RS
Measurement
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Medicare
What's the Future of Medicare Payments for Clinical Laboratory Services? 4. WB
Method validation
Basic Method Validation. 172. BR
Microscopy
Managing Provider Performed Microscopy, the Regulation, Training, and Maintenance of Competency. 147. AB
Molecular markers
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Molecular techniques
Development of a Molecular Techniques Course for Clinical Laboratory Science Students. 141. AB
Molecular Technology for the Laboratory Professional Module 2: Molecular Technology Techniques. 79. AB
Techniques. 78. AB
Multiple choice questions
Common Formats of Multiple Choice Questions Testing Application of Knowledge in Clinical Laboratory Science. 32. FO
Common Formats of Multiple Choice Questions Testing Analytical Skills in Clinical Laboratory Sciences. 40. FO
Mycobacteria
Isolation and Identification of Mycobacteria from a Broth-Based Medium System in a Tertiary-Care Setting. 133. CP
Mycobacterium tuberculosis
An Unusual Case of Disseminated *Mycobacterium tuberculosis*. 145. AB
NOVA CO-Oximeter
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Nurses
Development of a Clinical Laboratory Science Course for Nurse Practitioners. 75. AB
Oral glucose tolerance test
Proportional versus Projected Glucose Tolerance Values: A Quality Control Program. 151. RR
OSCEs
But Can They Do It? Clinical Competency Assessment. 47. FO
Oxygen content
Effects of Ultrapurified, Polymerized, Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Oxygen saturation
Effects of Ultrapurified, Polymerized, Hemoglobin-Based Oxygen Carrier (HBOC-201) on Coagulation Testing. 210. RS
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Pathogens
Potential Pathogens Isolated from Stratified Aquatic Ecosystems. 143. AB
Performance predictors
Predictors of Clinical Performance in a Hospital-Based Laboratory Science Program. 78. AB
Personnel assessment
Assessing Competence in Finding and Reporting Abnormal Morphologic Features While Scanning Peripheral Blood Smears. 160. RR
Pharmacology
The Role of the Laboratory in Detecting Inhalant Abuse. 205. CP
Platelet aggregation
The Minimum Concentration of Fibrinogen Needed for Platelet Aggregation Using ADP. 148. AB
PML gene
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
PML/RARa fusion gene
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
Polymerase chain reaction
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Pre-eclampsia
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Pregnancy
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Processing
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Proficiency test
Developing a Formal Proficiency Test Monitoring System as a Quality Measurement Tool. 146. AB
Proficiency training
Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates: A Missouri Hospital Perspective. 7. CP
Program Stability
A Non-accredited Major in Medical Technology Attracts Students and Promotes Program Stability. 72. AB
PT/INR
Comparison of PT/INR Results Before and After Local Calibration of Thromboplastin ISIs. 146. AB
Public Health
One Clinical Laboratory's Interactions with Public Health for the Identification and Management of Food-borne Listeriosis. 142. AB
RARα gene
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and

Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
Recruitment
Student Recruitment Strategies for a University Health Science Center Clinical Laboratory Sciences Program. 78. AB
Reverse transcription
Reverse Transcriptase PCR Quantitation of Hepatitis C Virus. 23. RR
Risk factors
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Sample collection
Performance Evaluation of Plastic Collection Tubes for Prothrombin Time(PT) and International Normalized Ratio (INR) Testing in Anticoagulated Patients. 143. AB
Serology
Updating the Immunology Curriculum in Clinical Laboratory Science. 80. CP
Shell vial assay
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Specimen
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Specimen collection
Specimen Collection and Processing: The Theory Behind the Practice. 77. AB
Stability
Stability of Plasma Total Homocysteine Concentrations in EDTA-Whole Blood Kept on Ice. 196. CP
Staphylococcus aureus
The Effectiveness of Special Colloidal Silver on Several Methicillin-Resistant *Staphylococcus aureus* Isolates. 146. AB
Student training
Phlebotomy Skills Expected of Career Entry CLS/CLT Graduates: A Missouri Hospital Perspective. 7. CP
Student types
Personality Shapes of College Students with Respect to Academic Major. 143. AB
Students
Re-Engineering the Role and Education of Clinical Laboratory Scientists. 12. CP
Superwarfarin
Superwarfarin Poisoning: An Unusual Acquired Coagulopathy. 148. AB
Survey
Determining Clinical Laboratory Science Curriculum for the 21st Century. 93. RS
t(15;17)
Acute Promyelocytic Leukemia (AML-M3) – Part 1: Pathophysiology, Clinical Diagnosis, and Differentiation Therapy. 98. FO
Acute Promyelocytic Leukemia (AML-M3) – Part 2: Molecular Defect, DNA Diagnosis, and Proposed Models of Leukemogenesis and Differentiation Therapy. 106. FO
Teaching
Clean Hands, Dirty Hands. 21. CP
Re-Engineering the Role and Education of Clinical Laboratory Scientists. 12. CP
Testing
Assessing Competence in Finding and Reporting Abnormal Morphologic Features While Scanning Peripheral Blood Smears. 160. RR
Testing formats
Common Formats of Multiple Choice Questions Testing Analytical Skills in Clinical Laboratory Sciences. 40. FO
Common Formats of Multiple Choice Questions Testing Application of Knowledge in Clinical Laboratory Science. 32. FO
Thrombomodulin
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Thrombosis
Hemostatic Changes Associated with Normal and Abnormal Pregnancies. 223. FO
Laboratory Test Utilization in the Diagnosis of Hypercoagulability. 215. RS
Tonometry
Validation of Oxygen Saturation Measurements in a Canine Model of Hemoglobin Based Oxygen Carrier (HBOC) Infusion. 173. RS
Trends and Technology
Trends and Technology: Fall 2000.249. TT
Trends and Technology: Spring 2000. 127. TT
Trends and Technology: Summer 2000. 192. TT
Trends and Technology: Winter 2000. 61. TT
U.S. Congress
The 2000 Federal Legislative Agenda for Healthcare: Real Reform or Political Rhetoric? 7. WB
The Federal Election: Impact on Future Healthcare Policy. 130. WB
What's the Future of Medicare Payments for Clinical Laboratory Services? 4. WB
Uracil-n-glycosylase
Clinical Laboratory Evaluation of a PCR Assay for the Detection of HCMV. 135. CP
Venous thrombosis
A Guide for Diagnosis of Patients with Arterial and Venous Thrombosis. 229. FO
Web
Development of Web-based Clinical Laboratory Science Curriculum. 76. AB
